SUBJECT: December 2015 Asbestos Abatement Project
Putnam High School, 152 Woodstock Avenue, Putnam, CT

Dear Parents/Guardians,

As you are aware, Putnam High School is in the midst of significant building renovations. The fourth phase of asbestos abatement work will be taking place in Putnam High School this December 2015 between December 18, 2015 and January 8, 2016.

The December 2015 asbestos abatement in the school consists of the removal of vinyl floor tiles, flooring mastic, and ceiling plaster in the Girls Locker Room, Entry to the Boys Locker Room, and the Corridor between the Courtyard & Old Auditorium.

The school will be partitioned-off to prevent unauthorized student entry into the area of the school undergoing asbestos abatement. A full time environmental consultant will be monitoring the abatement work to ensure compliance with the contract specifications and Connecticut Department of Public Health statutes and regulations.

Anticipated Project Start Date: December 18, 2015 at 3:00pm
Anticipated Completion Date: January 8, 2016 at 5:30pm

State of Connecticut
Department of Public Health
Division of Environmental Health
410 Capitol Avenue, MS #51AIR
P.O. Box 340308
Hartford, CT 06134-0308
(860) 509-7367

Asbestos Consultant:
EnviroMed Services
470 Murdock Ave.
Meriden, CT 06450
(203) 238-4846

Contractor:
NASDI, LLC
39 Olympia Ave.
Woburn, MA 01801
(781) 250-6600

If there are any questions or concerns, please contact Jacqueline Vetrovec (Principal) at (860) 963-6905. We appreciate your flexibility and understanding as we continue work on our high school renovation project.

Respectfully,

William J. Hull,
Superintendent of Schools
