

Mission - Goals - Objectives

Mission Statement/Beliefs

The mission of the Putnam Public Schools, in partnership with the community, is to empower all individuals and inspire lifelong learning by providing a diverse and engaging educational experience.

Beliefs

We believe that...

- Schools are most effective when students, families, staff, elected officials and community members are all responsible for and invested in the educational process.
- A well rounded quality education is the foundation of a healthy, vibrant, active community.
- Everyone can learn if provided with diverse educational opportunities that meet their individual needs.
- The ability to utilize technology is crucial to full participation in our ever-changing world.
- Students learn best when educated in a safe, well-organized environment that addresses their physical, social and emotional needs.
- Students and staff need well-maintained and well-equipped facilities to achieve maximum learning.
- Self-discipline and mutual respect are the cornerstones of a responsible individual, a healthy community and a sound society.
- Education is a continuous process of lifelong learning and is essential to effect and accept change in a dynamic world.
- An understanding and appreciation of diversity is essential for a civil society and more peaceful world.
