Tutoring

The Board does not promote or provide for private tutoring. However, if tutoring is necessary, the following procedures will be followed.

1. A parent or student may discuss the advisability of private tutoring with the teacher, counselor, or building principal. A cooperative relationship will be established among the school, the tutor, and the parent to provide the best instructional setting for the student.
2. It is the responsibility of parent and the tutor to agree mutually upon a fee and place for tutoring.
3. Any tutoring for pay will not occur within public school buildings.
4. A teacher who has had or has a student enrolled in his/her class will not accept employment as a paid tutor for that student in that subject.
5. A teacher may not tutor individual students for pay when the instruction occurs during the school day.
6. A teacher may not tutor his/her own individual students for pay when additional help is needed for the student to meet minimum requirements for the course.
7. Private music lessons are not considered tutoring. Students may be encouraged but not required to take private music lessons in non-school hours.
